How to Survive and Thrive in these Uncertain Times

Tip #1

Join a growth group.

At 10am today, our WOW group met online for the first time. Young children were colouring, sitting on laps or playing in various states of order and chaos in the background. But we all figured out Zoom, met, shared and prayed together, and what an encouraging time it was! I am looking forward to our next meeting!

If you have been unable to attend a weekly growth group in the past, there is a great opportunity for you to be part of a group now. Groups are meeting online during the day and in the evenings, and it's working! Why not join a group meeting using your phone, tablet or laptop?

To join a group email Craig or Paul.

Grace Vision 2020

During the week we sent out the report for Grace Vision 2020 including our AGM.

Although a bio of all Church Council members is included, there is no need to re-elect anyone as they are permitted to stand for 2 years of which 2020 will be their second.

After reading the report, could you please go to the Ettalong 50 plus Leisure & Learning Centre, cnr of Broken Bay Rd & Karingi St, Ettalong between **3pm and 3:30pm today** to advise of your attendance and your acceptance or rejection of the budget?

It is important that we have a quorum.

Also, our apologies, but there was an error in the Senior Pastor's Report where it said "We grew numerically as a church by x%". This should have read 9.5%.

Spiritual Health in Tough Times

At our last service before going into lockdown, the message spoke of two realities during this crisis. Danger and opportunity.

When the scriptures urge us not to "neglect meeting together" it's because God knows our spiritual weakness. We need the fellowship and support of others. Ironically, it's the youngest Christians among us who over-estimate their spiritual health and are therefore slow to heed the wise counsel of the scriptures. Spiritual health recognises danger and does all it can to protect ourselves and others from it.

Secondly there'll be opportunities. As small groups gather during this time, relationships will deepen, initiative will develop, wisdom will grow and people will join who've never done so before. And something else. When all the distractions of life are stripped away, those who don't know God are often forced to re-evaluate those things which matter & look more deeply. Danger and opportunity. Be prayerful about both.
